

To Whom It May Concern

I am pleased to recommend Akash Bhoir for any opportunity that requires a dedicated, highly capable, and solutions-oriented professional. I have had the privilege of working closely with Akash at Almaden, where he has consistently demonstrated exceptional leadership, technical skill, and a calm, steady approach to complex operational challenges.

Akash possesses a rare combination of analytical strength and hands-on execution. He has played a key role in streamlining our turnkey operations, optimizing workflows, and enhancing quality standards all while mentoring his team and maintaining a deep focus on customer satisfaction. His ability to take initiative, communicate clearly, and follow through on critical deliverables has made him a trusted resource throughout the organization.

What sets Akash apart is his attention to detail paired with big-picture thinking. Whether he's redesigning a department layout to minimize waste and improve throughput, or stepping into high-pressure situations with professionalism and clarity, he brings value far beyond his role. His judgment, integrity, and work ethic make him a tremendous asset to any team.

I am confident that Akash will thrive in any environment where strong leadership, operational excellence, and a commitment to continuous improvement are valued. Please feel free to contact me directly if you would like to discuss his qualifications in more detail.

Sincerely,

Lawrence Trosen
